

SOS Nursing School

Nursing is a *profession* within the health care sector focused on the care of individuals, families, community, so **they** may attain, maintain, or recover optimal health and quality of life

SOS Nursing School, Faridabad a community project of SOS Children's Villages of India has successfully completed its twenty-three fruitful years with various milestones since 1998.

The School believes in training nurses from all states of India to meet the great challenges of service in the field of health care delivery system.

The aim of the school is to empower young women that predominantly opt for nursing as a career as well as provide opportunities for the students to acquire and develop ability to think and act independently with full responsibilities as a qualified health team member and as a spiritual human being.

OUR VISION...

.'Excellence in nursing profession with human and holistic approach'

The **COVID-19 pandemic**, also known as the **corona virus pandemic**, is an ongoing global pandemic of corona virus disease 2019 (COVID-19) caused by severe coronavirus2 (SARS-CoV-2)

. The World Health Organization declared a Public Health Emergency of International Concern regarding COVID-19 on 30 January 2020, and later declared a pandemic on 11 March 2020. As of 30 May 2021, more than 169 million cases have been confirmed, with more than 3.53 million confirmed deaths attributed to COVID-19, making it one of the deadliest pandemics in history

Faridabad, a district in Haryana has 15% of Haryana's active cases but testing only 4,000 daily.

As per the direction of Directorate Medical Education And Research, Panchkula . For deployment of nursing students in Govt. and private sectors with immediate effect.
